6th issue August 2014

Dear Reader,

This is the sixth issue of our newsletter for project “Thinking outside of the box”. Please, have a look on our newsletter and join us in the discovery of possibilities with creativity!

The end of a tale (?)

Our two-year journey of discovering creativity has come to end. We have found new perspectives of thinking, enriched with new ideas and wonderful memories.

Please find the summary of our experiences in our Handbook for teachers on our blog, where we shared our thoughts and collected the best teaching methods we have discovered through our project:
